DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on October 23, 2006 has been entered.

Claims Status

2. Claims 1, 23, 41, 42, 45-48 and 50-65 are pending in the instant application. Claims 1, 23, 41, 45, 50-52 and 54 have been amended and claims 63-65 have been added as requested by Applicant in the Paper filed October 23, 2006. All claims are currently under examination.

Withdrawn Rejections

3. The rejection of claims under 35 USC § 102 is withdrawn in view of Applicants' amendment to recite "homogeneous" polypeptide.

New Rejections and Objections

Claim Objections

4. Claim 65 is objected to because of the following informalities: on line 4, after NO: 4, "nd", should be "and". Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 63-65 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 63-65 are indefinite because they encompass a polypeptide expressed from a gene “unaccompanied by” a nucleotide sequence encoding the specified amino acids. The phrase “unaccompanied by” is indefinite because it is not clear if the gene does not comprise the nucleotide sequences or if it is somehow not stuck to the nucleotide sequences.

Applicant is invited to telephone the Examiner to expedite an allowance by Examiner's Answer over these objections and rejections.

Conclusion

6.1 Claims 1, 23, 41, 42, 45-48 and 50-62 are allowed.

6.2 Claims 63-65 are rejected.

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however,

Art Unit: 1646

will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
